

Final Project for Computer Architecture

The Topic I choose is:

1. Techniques for Reducing Power Consumption in Data Centers

- Explore architectural techniques aimed at reducing power consumption in large data centers, focusing on both hardware and software innovations.

#####

This is the video link which I uploaded to Youtube:

https://youtu.be/p_7u7Ms9bXs

#####

The following are the resources I used to make the video.

What is a Data Center. (2023, April 5). Cisco. https://www.cisco.com/c/en_ca/solutions/data-center-virtualization/what-is-a-data-center.html

16 More ways to cut energy waste in the data center. (n.d.). ENERGY STAR.
